## Two of 3 escaped prisoners in custody

By ELLIS CUEVAS  
Two of the three prisoners who had escaped from Hancock County Jail Thursday were back in custody by late Saturday afternoon.  
Samuel Jourdan of Bay St. Louis was apprehended Saturday afternoon and Andrew Genna surrendered to the sheriff's department Friday night, according to Sheriff Ronald Peterson.  
Information from Waveland Police officer Mike Pendergrass led Deputy David Murtagh and auxiliary officer Al Jacobi to the BaySide Park residence where Jourdan was hiding.  
Peterson said Jourdan, who was hiding in a bedroom of the residence, was apprehended at approximately 2:30 p.m. Saturday.

## Bay St. Louis woman robbed at gunpoint

Bay Police are searching for a black male who allegedly robbed Bay St. Louis resident Jarlene Garcia at gunpoint Friday night, according to Joe Pica, investigator.  
Garcia reported that car trouble had forced her to stop on St. Francis Street where she was approached by a black male, who offered to help. She said the man then showed a gun and asked for her money.

The suspect told Garcia not to get out of the car because he would be watching, Pica said.

The suspect is a black male, 25-30 years old, six feet, short hair and clean shaven. He was reportedly wearing a long army jacket and walked with a limp.

The robber allegedly escaped with less than \$5.

## National committee woman speaks to club

By BRENDA HEATHCOCK  
Evelyn McPhail, Republican National Committee Woman, spoke Thursday at the meeting of the Hancock County Republican Women's Club in Diamondhead.

McPhail urged members attending to not quit working now that President Reagan has been reelected.

in America is also improving and test scores in the past year were higher than they have been in many years.

"I'm on a commission appointed by President Reagan that is sponsored under the Department of Education and every time I attend one of the meetings the news is better," she said.

"What we're saying is that America is returning quite willingly to the basics that made this nation great," she said.

"Finally I Would Like to say it is not going to do us any good to have Pres. Reagan, who is committed to changing the history of this nation...without some help from us, we have got to make some sacrifices," McPhail said.

"Ronald Reagan will come to be regarded as one of the best in our history, but we must be willing to help to see America change, she said.

"We have to put into America

what we have already taken out," she said.

"Ronald Reagan cannot do it alone, and he won't take the credit for it. He will give the credit to the American people. So let's do what is expected of us and let's get back to making America great again," McPhail concluded.

McPhail spoke in the absence of the Republican National Committeewoman, Haley Barbour, who was unable to attend the meeting as scheduled.

EVELYN MCPHAIL

"I don't want to think that we can just sit back and bask in the glory because President Reagan won, but there's a lot more work to be done now," she said.

"We are at a time in our history that if we could live a 100 years and look back it will have been one of the greatest times in the history of this nation," she said.

Historians, economists, politicians and ordinary people in America all know that this is a turning point in our history, she said.

She spoke of the improvements in the economy, unemployment, inflation and interest rates that have been made in the last four years.

## \$2.4 million contract awarded for shuttle engine test stand modification at NSTL

By BRENDA HEATHCOCK  
The National Aeronautics and Space Administration approved a \$2.4 million contract Thursday for the modification of a shuttle engine test stand at the National Space Technology Laboratories in Hancock County.

The contract, awarded to Stearns Catalytic Corporation of Denver, Colo., will provide funding for the modification to the B-2 shuttle engine testing position.

This will give NSTL a third test position to static-fire Space Shuttle main engines individually. The third single engine testing position will support expected increases in shuttle engine test requirements.

Initially the additional position will house a testbed engine which will be used to test new and overhauled engine turbopumps.

"This contract signals that NSTL will continue to play a major role in space exploration and development well into the 1990's," U.S. Representative Trent Lott said Thursday.

"In addition to continuing NSTL's role as space pioneers NASA has determined that important jobs in the space program will stay in south Mississippi for many more years," Lott added.

"You have to keep in mind that the success of the space shuttle is vital to the construction of the space station which President Reagan has proposed, and strongly endorsed Wednesday in his State of the Union address," Lott said. "Once the space station is completed the shuttle will continue to the link between that post and even further space exploration."

NSTL has been the site for space shuttle main engine testing since June 1975.

The test position to be modified was most recently used to certify the shuttle's main propulsion system in

Jourdan was awaiting trial on burglary charges.

Genna of Bay St. Louis, who turned himself in Friday night at 8 p.m., was suffering with a severely sprained ankle.

He told sheriff's deputies he had sprained it walking down railroad tracks.

Genna was awaiting transfer to the state penitentiary to serve a three-year sentence on a burglary conviction.

Still at large is John D. Dinaso Sr., 28, address unknown, white, 5 feet 6 inches tall, 156 pounds, brown hair and eyes.

Dinaso was awaiting extradition charges to Florida, Peterson stated.

Peterson indicated the trio had left about 3:30-4 a.m. and that there were 10 men in the cell from which they had sawed through two bars on a window.

"A hacksaw blade smuggled in was used to cut the bars and they were not found missing until noon Thursday. The jailer checked the cell in the morning and the beds of the escapees were arranged to appear that they were asleep," Peterson said.

Peterson stated, "The other seven inmates either wanted to stay or were unable to fit through the small hole."

An all points bulletin has been issued for Dinaso.

Peterson said he did not believe that Dinaso was still in the county.

# Local tree giveaway rescheduled

By BRENDA HEATHCOCK

In a cooperative effort by Hancock County agricultural agencies, more than 2,000 seedlings will be available to local homeowners this week.

The Mississippi Forestry Commission, the Soil and Water Conservation Office and the Mississippi Cooperative Extension Service will distribute bundles of hard wood and pine seedlings Friday, Feb. 15.

Seedlings may be picked up beginning at 8 a.m. at the Soil Conservation office in Kiln or at the Forestry Commission office in Bay St. Louis behind the hospital, according to David L. Watts, county forester.

The giveaway was originally scheduled for Arbor Day but delivery of the seedlings was delayed because of the freezing temperatures.

Seedlings scheduled to be distributed include 100 cypress, 100 cherry bark oak, 400 green ash, 300 sycamore, 400 yellow poplar, 100 saw-tooth oak and 1,000 loblolly pine.

Watts said the number of seedlings to be distributed this year is an increase over last year's number.

"Hopefully we will be able to expand the program even more next year," he added.

Hancock County Agent Lee-Taylor said last year approximately 1,200 seedlings were planted and 500 school children had been involved in the program.

In conjunction with the seedling distribution, the agencies visit the school and present programs on the

value of the forest.

"It is important that we teach children about forestry, because it is our greatest renewable resource," Taylor said.

Currently forestry has the largest agricultural income in Hancock County, Taylor said.

"In 1984, approximately \$2.7 million in sales of forestry products was recorded in Hancock County," he said.

"We also want children to understand the importance of preserving the forest for wildlife habitat," he added.

The greatest detriment to wildlife today is shrinking habitat, Taylor said.

Taylor also said through the 4-H forestry program some youths have become interested and went on to study forestry as a career.

**TREE GIVEAWAY**—Karen Bermond, left, of the Mississippi Forestry Commission and Hancock County Agent Lee Taylor prepare literature packets to be given out with bundles of trees Feb. 15 beginning at 8 a.m. at the Soil Conservation Office in Kiln and the Forestry Commission Office in Bay St. Louis (behind the hospital). Approximately 2,000 hardwood and pine seedlings will be available to county residents. (Staff photo by Brenda Heathcock)

## Development of Arbor Day, Tree Planting Week observances listed

Tree planting festivals have been popular since the earliest days of civilization. Sacred trees, planted roadsides, and shaded walks were common long before America was discovered.

Arbor Day, however, is purely American in origin, first observed in 1872 in Nebraska by J. Sterling Morton who proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees.

This holiday was to be called "Arbor Day" and it would recognize the importance of trees in our lives.

More than one million trees were planted in Nebraska on the first Arbor Day and the idea quickly spread to other states. Morton later became the U.S. Secretary of Agriculture.

Later, in Cincinnati, Ohio, in 1882, during their first Arbor Day, there were two new elements introduced into the observance. First, the day was declared a school festival; and second, the practice of planting a memorial tree was inaugurated.

These new developments were largely responsible for the widespread acceptance of Arbor Day over the rest of the United States.

Today, more than 100 years later, Arbor Day is celebrated in all 50 states and many countries throughout the world.

J. Sterling Morton's dream of a greener tomorrow is still alive and people everywhere are more aware of the need to plant trees and the importance they play in our everyday lives.

Arbor Day became an official day of observance in 1926, in Mississippi.

In Section 5, Chapter 161 of the 1926 Mississippi Code, the state and county boards of education were directed to set aside a special day each year in the public schools, "on which day ornamental and shade trees, flowers, etc. are to be placed where practical on the grounds surrounding all public school houses."

Later, the second Friday in February was firmly adopted as the official Arbor Day. Oktibbeha County and the city of Starkville has since been recognized as the birthplace of a new dimension to the observance of Arbor Day—the observance of Tree Planting Week.

The first Tree Planting Week in Oktibbeha County was begun on Monday, Jan. 26, 1970 with the plan-

ting of loblolly pines on the courthouse lawn in honor of Arthur Goodman.

L.L. Mullins Sr., a Soil and Water Conservation district commissioner, organized the courthouse observance and the week-long program of giving away free tree seedlings to county residents.

Although this was the first tree planting observance for townspeople and school children, the 4-H Clubs of Oktibbeha County had been involved in a program called Plant a Tree since the mid-1950's.

In March, 1956 38,000 pine seedlings were planted by 4-H'ers under the direction of Thomas Rowlett, assistant county agent.

In the 1960's, 4-H'ers packaged tree seedlings and gave them away at the local banks.

Extension Foresters Ralph Robertson and Monty Montfort are credited with the success of the 4-H Plant-a-Tree program.

Oktibbeha County later became the origin of State Tree Planting Week. Mullins asked State Forester Billy Gaddis to form a statewide Tree Planting and Forest Development Committee.

A Committee of representatives from forest industry, forestry associations, public agencies, and conservation groups was organized in the fall of 1974 to plan the observance of the first statewide Tree Planting Week—the first week in February, 1975.

Tree Planting Week was later moved to the second week in February so it would conclude on Arbor Day. Now Tree Planting Week begins on Arbor Day.

Arbor Day was observed Friday. Planting Week continues through Thursday.

In Hancock County trees will be distributed free to the public Feb. 15-21, 8 a.m.-4:30 p.m. at the district office on Hwy. 603 in Kiln and the Mississippi Forestry Commission office on Dunbar Avenue in Bay St. Louis.

Since 1975, tree planting committees have been organized in all of the

## Trent Lott to observe arms control talks

Congressman Trent Lott, Republican Mississippi, has been named to the House of Representatives team which will observe the Arms Control talks between the United States and the Soviet Union in Geneva next month.

The 16-member team which was appointed by House Speaker Thomas P. (Tip) O'Neill and House Republican Leader Robert Michel is composed of eight Republicans and eight Democrats who will rotate their travels to Geneva during the course of the talks.

"I am honored to have this appointment to what could be historic negotiations," Lott said Friday in Hattiesburg.

"I am hoping and praying that the talks will be successful and that an arms control agreement can be reached," the 5th District Congressman said.

Lott, who serves as the Republican Whip in the House of Representatives cautioned however, that any agreement reached "must

be mutual and verifiable" because the Soviet Union's past failures to live up to arms control treaties and negotiations.

The two super powers' return to the bargaining table was agreed to during a Jan. 7 meeting in Geneva between Secretary of State George Shultz and Soviet Foreign Minister Andrei Gromeko.

Lott said the objective of the upcoming meeting, whose dates have not been announced, will be to reach mutually acceptable agreement on the whole range of questions concerning nuclear and outer space arms.

Don't forget the Mardi Gras parades this afternoon in Waveland.

The Krewe of Nereids is scheduled to roll at 2 p.m. followed by the Krewe of Eros.

We are hoping everyone will encourage their friends to go to the parade and hope everyone will have a good time.

The Hancock County Blood Bank will conduct a drawing on Wednesday at the American Legion Home in Bay St. Louis.

The blood bank has been serving the people of Hancock County for many years, and as always blood supplies are low.

The drawing will be from 2 to 8 p.m. at the post home on Green Meadow Road.

The week of February 11-15 has been declared as Tornado Awareness Week by Governor Bill Allain.

This is in conjunction with the National Weather Service and tornado drills will be held throughout the state.

Hancock County has had its share of tornados in recent years. We can remember the time when it was very odd to have a tornado in the area.

Robert Boudin, Civil Defense director, said a drill is scheduled for this week to see just how well warnings can be given to the residents.

We know our schools all have special communications connected with the CD headquarters, but getting the messages to the residents is where a problem could occur.

Dear Sir:

Consider this ad in your paper under Help Wanted:

"Part-time jobs, \$13 hourly plus fringes, great retirement plan, paid sick leave, all holidays off, guaranteed \$17,000 plus annually."

Can you picture the pandemonium at the employment office?

Why, the police would be needed to control the mob!

While these people work only 168 days a year, most of us must work 250 or 50 percent more, and for much less than \$13 per hour.

Thousands of people have these jobs now—they're teachers.

Yet they refuse to accept Gov. Allain's offer. Instead they threaten to strike against our children simply because they won't make quite as much as Louisiana teachers.

Actually that sounds as childish as your child refusing to do his chores.

## Lincoln's birthday prompts call for renewed vigilance

(Editor's Note: The month of February has been designated American History Month by the National Society Daughters of the American Revolution. The Sea Coast Echo will publish a series of articles containing little-known historical facts presented by Joe Pilet, scribe for the Friendship Oak Chapter NSDAR).

By Joe Pilet

Take a quick look at your calendar. February 1985. Tuesday, the 12th day of that month we celebrate

Abraham Lincoln's birthday.

Review, if you will, the early life of a man who became the 16th President of the United States. Born February 12, 1809. We started celebrating his birthday anniversary a year after he was assassinated—1866.

"Born in poverty," Elbert Hubbard wrote of Lincoln.

Lincoln was a very deprived person—by comparison our "poverty level" of today would seem like wealth and abundance to the Lincolns.

Lincoln made a bare living during 20 years of law practice, but he was considered by Judge Davis to have "more common sense than any other man in America." That common sense won for Lincoln the election!

Lincoln showed courage. He had stamina and he had guts in promoting "liberty for all." He banished slavery and gave our states unity. Lincoln said, "This country cannot endure permanently half-slave and half-free."

All wars are hell. The Civil War, or the War Between the States, was truly a hell on wheels.

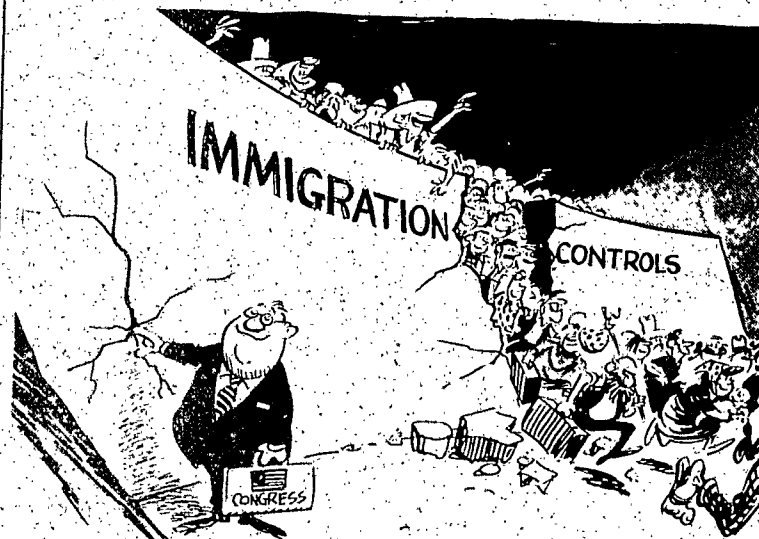

Our Mississippi was the second state to secede from the Union and the 22nd to re-enter. A state whose economy depended largely on King Cotton felt more than justified to defend its way of life.

At that time the United States flag had 33 stars with a population of 32,351,000.

Lincoln's famous Gettysburg address rings out loud and clear:

"Our fathers brought forth a new nation, conceived in liberty and dedicated to the proposition that all men are created equal."

Let's fly our flags and in our hearts give thanks for our freedoms. Let's also do our part to keep it that way.

## Tornado Awareness Week deserves our attention

Governor William A. Allain, in cooperation with the Mississippi Emergency Management Agency and the National Weather Service, has declared Feb. 11 through 15 as Tornado Awareness Week.

This year a statewide tornado drill is scheduled for Thursday, Feb. 14. Friday, Feb. 15, is the alternate date in case of bad weather on the 14.

A practice tornado watch will be issued on the morning of the drill. As in a real event, the watch will be an alert that warnings are possible in the next few hours. A practice tornado warning will be issued later that morning.

The purpose of the drill is to give residents of Mississippi an opportunity

We would like to remind all concerned that at the time of the drill we will already be into the season of peak tornado activity in Mississippi. This four-month peak runs February through May. But remember, tornadoes can occur at any time during the year.

tunity to see if they can hear a warning in time and know what to do.

Everyone in Mississippi should take this drill seriously. Mississippi leads all other states in tornado-related deaths. Since 1916, tornadoes have killed 1,145 people in Mississippi.

When the practice tornado warning is issued, we are encouraging everyone to take the same action they would in the event of a real tornado warning. The few minutes it will take to participate will give Mississippians a good idea whether they are prepared to deal with an actual tornado threat.

In some areas sirens will be activated when the practice warning is issued. The decision to use the sirens will be a local matter with each local Civil Defense unit making that determination.

## TORNADOES

SECONDS  
SAVE  
LIVES!

### WHEN A TORNADO THREATENS

• Stay away from windows, doors, and outside walls. Protect your head.

• In homes and small buildings, go to the basement or to an interior part on the lowest level. Get under something sturdy.

• In schools, hospitals, and public places, move to pre-designated shelter areas. Interior hallways on lowest floors are best.

• In mobile homes or vehicles, leave them and go to more substantial shelter.

• If outdoors, with no shelter available, lie flat in nearby ditch, and shield head with arms.

**TORNADO WATCH:** Tornadoes and severe thunderstorms are possible.

**TORNADO WARNING:** Tornado detected; take shelter.

The couple will solemnize vows April 20 in a 1 p.m. ceremony in St. Matthew the Apostle Church.

MR. AND MRS. JOHNNIE R. WALKER

## Piazza-Johnson

Our Lady of the Gulf Catholic Church was the setting for the January 12 marriage of Judy Carolyn Johnson and Clarence Joseph Piazza Jr. The Rev. Francis Farrell and Monsignor John Scanlon officiated at the 2 p.m. ceremony.

The bride is the daughter of Mrs. William A. Johnson Sr. of Bay St. Louis and the late Mr. Johnson. The groom's parents are Mr. and Mrs. Clarence J. Piazza Sr. of Waveland.

Decorating the sanctuary were two baskets of white gladioli and roses, lavender roses and tiger lilies and fern.

Nuptial music was presented by Mrs. John McKenna, organist.

Given in marriage by her brother, Randy Adam, the bride wore a formal gown of white organza fashioned with Queen Anne neckline and fitted bodice accented by venise lace and heavy beading and bishop sleeves. The slender skirt was enhanced by venise lace and swept to a cathedral train bordered with identical lace. Her bridal portrait hat was decorated with venise lace and pearls, and featured an illusion pouf at the back with chapel length streamers.

She carried a colonial style bouquet of white silk roses, star flowers, lavender sweetheart roses, jubilee gyp, pulmosa fern and seed pearls.

Caroline Adam of Bay St. Louis, sister-in-law of the bride, was matron of honor.

Bridesmaids were Georgia Breland and Susan Krost of Bay St. Louis; Julia Piazza and Charlotte Piazza of Waveland, sisters of the groom; and Jennifer Cunningham of Pearl, cousin of the groom.

The attendants were identically attired in violet faille taffeta

gowns, each with cross-draped bodice, tulip sleeves, self-sash at the waistline and slim, petal draped skirt. They wore tiny hats in a complementary color with a pouf of illusion veiling secured with a self-rose.

They carried nosegays of ivory roses, lavender rosebuds, carnations, starflowers, plumosa fern, jubilee gyp and ribbon streamers.

Sam Piazza of Pearl, Miss, brother of the groom, was best man. Groomsman were Bill Johnson, brother of the bride, and David Turcotte, cousin of the groom, both of Bay St. Louis; Charles Piazza of Waveland, brother of the groom; Mickey McGill of New Orleans, cousin of the groom; and Tracy Klein of Pearl.

Ushers were Bobby Adam of Bay St. Louis, brother of the bride; Clyde Ladner of Clermont Harbor, cousin of the bride; Ed Porter of Jackson, Miss.; and Walter Schwander of New Orleans, cousin of the groom.

A reception followed the ceremony at St. Clare parish hall.

Mrs. Johnson chose for her daughter's wedding a tea length lavender crepe dress with matching sheer chiffon jacket. The mother of the groom wore a mauve georgette crepe dress with lace overlaid bodice, puffed elbow length sleeves and cummerbund waistline above a slim skirt.

## Walker-Mastic

Janet Sue Mastic of Pass Christian and Johnnie R. Walker of Long Beach were married recently in an afternoon ceremony in The Church of God in Long Beach with the Rev. Milburn Mallette officiating.

The bride is a daughter of Mike J. Mastic of Temple, Tex. and the late Thelma Adam Mastic. The groom's parents are Bertie House Walker and Hubert E. Walker of Long Beach.

Nuptial music was provided by pianist Lenora Cooley of Gautier.

Given in marriage by her brother-in-law, Terry Mareno of Pass Christian, the bride wore a formal gown of

white organza, fashioned with a Queen Anne neckline and empire bodice of imported lace accented by raschel lace appliques of tiny pearls. The slender skirt was enhanced by a crystal pleated panel and swept to a cathedral train with a full lace center panel. Her fingertip veil of illusion fell from a headpiece of raschel lace with a scalloped pearl border.

She carried a bouquet of white roses, stephanotis, lily-of-the-valley and baby's breath with pale lavender roses.

Michele Mareno of Pass Christian, sister of the bride, was honor attendant. She wore a cream colored ruf-

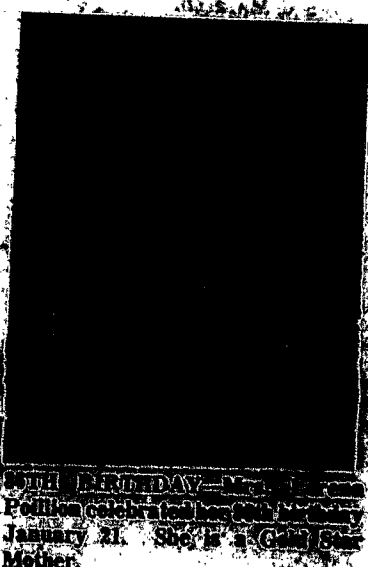

fled lace street length dress with matching portrait hat accented with a tiny pink rose.

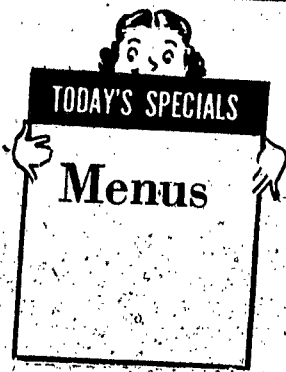

She carried a nosegay of cream-colored roses with a hint of pale pink.

Hubert Walker served his son as best man.

A reception followed the ceremony at the Pass Christian home of the bride's sister, Michele Mareno.

Assisting was Mrs. Eula Stephens of Bay St. Louis, aunt of the bride. The couple will reside in Pass Christian.

### Waveland Ward

#### Church of Jesus Christ of Latter-day Saints

Recently the bishopric of the Waveland Ward of The Church of Jesus Christ of Latter-day Saints was reorganized.

Bishop R. Daniel Sones was released at this time, along with his counselors Martin J. Homer III and Thomas C. Forrest, all of Bay St. Louis.

This bishopric has served since the Ward was formed on Nov. 2, 1980.

President John S. Scott of the Gulfport Stake of the church installed as the new bishop Harry L. Bell who chose as his counselors Thomas C. Forrest and Kip A. Zahniser.

When asked how he felt about his new calling as bishop to approximately 550 members, Bell responded, "Shocked, amazed and humbled." He stated that he'll enjoy this calling "because it gives me an opportunity to serve the Lord in more than one capacity as well as giving me an opportunity to grow closer to my fellow members."

The church has no professional clergy. Lay members chosen as regional and local officers are not paid for their services. Bell, therefore, is employed as a port captain for St. Phillip Offshore Towing of Tampa, Fla. where he's been employed for the past ten years.

Bishop Bell and his wife, Nancy-Brehm Bell, originally of Natchez

have resided in Pearlinton for the past 13 years.

They are the parents of four children; Walton Bell and Mrs. Adam (Jeannie) Sleep, both of Bay St. Louis; Mrs. Michael (Janet) Hennessey of Slidell, La.; and Brehm Bell, a student, in Hattiesburg. The Bells have four grandchildren.

According to Bell, his new duties as bishop include giving spiritual guidance to local church members, as well as "seeing to the physical welfare of the members."

He states that his number one priority is to give guidance to young people—a part of his new responsibility that he really enjoys.

He's also there to perform weddings and funerals, if needed.

Bell said, "I want most for the church members of Hancock County and Pass Christian to live the Gospel to the fullest and follow the standards of the church."

An active member of The Church of Jesus Christ of Latter-day Saints is always put to good use in different callings in the ward. Bell's previous church callings include scoutmaster, Sunday school president, ward clerk, executive secretary, elder's Quorum president, and high councilman in the Gulfport Stake (an area comparable to a diocese).

Bell has served as the fire chief of

the West Hancock County Volunteer Fire Department and is a charter member of the Slidell Jaycees. His hobbies include carpentry, gardening, fishing, and shrimp-picking.

Each member of the church has the right to vote on all officers and administrative proposals that are presented by local or general presiding authorities.

Also sustained with Bell are his counselors Thomas C. Forrest and Kip A. Zahniser. Forrest, a native of Idaho, served in the Air Force as an air traffic controller.

He was based at Keesler AFB in Biloxi. He attended Weber State University in Ogden, Utah and Idaho State University in Pocatello, Idaho.

Forrest is employed by the U.S. Postal Service and Scott Brothers Construction.

He and his wife, the former Elaine Sones, reside in Bay St. Louis with their six children.

Zahniser attended Mississippi State University in Hattiesburg and honorably filled a full-time position for the church in the Louisiana-Baton Rouge Mission from August, 1978 to June 1980.

He is employed by Bell Helicopter, incorporated in New Orleans, La.

He and his wife, the former Kay White, reside in Bay St. Louis with their two daughters.

## Your Stars Above

BY EVE EWING

**ARIES (3-21/4-19)** Lending your shoulder to a friend for a good therapeutic cry occasionally is one thing. Becoming a constant crying towel for a chronic whiner is another. Make sure you know the difference.

**TAURUS (4-20/5-20)** If you bank balance won't allow a long trip now, start planning—and saving—for such a trip in a few months. It will lift your spirits to no end.

**GEMINI (5-21/6-20)** Letters do get lost in the mail, so before you write off a friend for not answering, double check and make sure. If this still brings no response, assume the other person wants to break it off.

**CANCER (6-21/7-22)** Don't cling to the past and neglect today. Remember, today will be the past tomorrow, so set aside creating fond memories to dwell on tomorrow.

**LEO (7-23/8-22)** Your strength attracts weak people, and your need for loyalty makes you respond too strongly to them. Examine yourself and try to break this potentially damaging pattern.

**VIRGO (8-23/9-22)** How much time do you like to spend with people who complain constantly? Think about that time in a darkened room for a few hours. Then try to find a path to NEVER complain at social events.

**LIBRA (9-23/10-22)** Before buying that new house, try to feel your chest beat hard. If your impression is not favorable, then keep on looking.

**SCORPIO (10-23/11-21)** Everyone, even your friends, mistakes you occasionally. Think down off your pedestal and join the rest of the human race. You'll gain more friends and more respect for being human.

**SAGITTARIUS (11-22/12-21)** Consider taking a job that pays less but offers the challenge and excitement which you desire. If you are happy in your work, you'll do it well, and the money will come later.

**CAPRICORN (12-22/1-19)** Encourage your mate, in a bid to seek his own happiness. You will find each other more in love, and gain new respect for your relationship.

**AQUARIUS (1-20/2-18)** The winds of change are blowing in your direction. Think you can't meet them? It is your fate, and you will prosper by riding the waves. Your situation will always change.

**PISCES (2-19/3-20)** A new romance is just what you need. Tell your family how much you love them, and if you never refer to a spouse as "my wife," but out before you're married.

**General Note:** The stars may not even improve your life. If we get up early, we can't avoid the fact that we are here.

# Is an IRA right for you?

You've heard all the talk about Individual Retirement Accounts. The tax break you get. The retirement income you can count on.

But, you're probably wondering if an IRA is right for you.

### "Don't you need \$2,000?"

If you work, you can start an IRA at Hancock Bank with as little as \$5.00. Then, just put in what you want, when you want.

You don't have to contribute every month, or even every year. But your money keeps on working for you, earning interest.

The money you put in is not taxable until you take it out. Even the interest is sheltered.

### "How much can I put away?"

If you're employed, you can put up to \$2,000 in your IRA. \$2,000 each for working couples. Or, a \$2,250 combined total for a couple if only one of you is employed. If you deposit at least \$2,000, you're eligible for your choice of 18-month or 30-month fixed-interest rates. Amounts less than \$2,000 earn money-market rates that change monthly. When your IRA builds up to \$2,000, we'll be happy to lock in a fixed rate for you. It's usually higher.

### "Can I still get a break on '84 taxes?"

Yes. You can open an IRA right up until April 15th of 1985, and still apply the tax savings to your 1984 return.

But don't wait past April 15th. Even if the IRS gives you an extension for your return. That's a firm deadline this year.

### "Do you have to itemize?"

No. You can use a regular IRA deduction and still get credit for your IRA contribution. It comes right off the top of your taxable income.

### "When can I get my money?"

You can start taking money out of your IRA at age 59½. Of course, it's your money, and you can take it out any time you want. But the federal government imposes a 10% penalty for withdrawal before 59½. And if your money is in a fixed-rate time deposit, there may be an

additional penalty.

So, think of your IRA as a long-term investment for retirement. Not a temporary tax shelter or savings for emergencies.

When you reach 59½, you can get your IRA in one lump sum, or set up a regular monthly income. Or, if you choose, you can wait until 70½ to start receiving payments.

### "I only have a little to put in now. Would I have much by retirement?"

Let's say you're 30 years old, and in the 29% tax bracket. Look at how \$50.00 a month would add up:

Estimated value at age 65: (based on 10% interest)	
TOTAL DEPOSIT OVER 35 YEARS	\$21,000.00
TAX SAVINGS	6,090.00
<b>TOTAL INVESTMENT</b>	<b>14,910.00</b>
ESTIMATED IRA VALUE	172,252.00
ESTIMATED MONTHLY PAYMENT FOR 15 YEARS	2,027.00
<b>TOTAL RETURN</b>	<b>\$364,858.00</b>

Have a question about IRAs? Call Mae Beth Tracy at 868-4406, Monday through Friday from 9 a.m. to 5 p.m. She's here to answer your questions about IRAs. At no obligation to you.

**Call Hancock Bank for answers.**

**HANCOCK BANK**

Strength • Stability • Integrity

have to do is sign it at home, and send it in with your first deposit.

Or come by any of our offices to ask about IRAs. We're always glad to see you.

But, open your IRA now. You'll enjoy the satisfaction of getting a tax break this year. While you build an income for retirement.
